

**EMORY**  
UNIVERSITY

**University Research Committee  
Spring 2009 Awards**

- Benzi, Michele**                      **EC - Math**  
New Algorithms for Solving the Incompressible Navier-Stokes Equations
- Broyde, Michael**                      **Law School**  
Jewish Law Responses to September 11, 2001
- Conticello, Vincent**                      **EC - Chemistry**  
Genetically Directed Synthesis of Sequence-Defined Polyesters
- Fei, Baowei**                              **Med. - Radiology**  
Motion Correction and Quantitative Image Analysis for Kidney MR imaging
- Frisvold, David**                              **EC - Economics**  
Full-Day Kindergarten and Student Achievement
- Goyal, Abhinav**                              **PH - Epidemiology**  
Achievement and knowledge of vascular risk factor goals in type 1 diabetes
- Guo, Ying**                                      **PH - Biostatistics**  
Statistical methods for group Ica analysis for multi-subject fMRI data
- Hagen, Karl**                                      **EC - Chemistry**  
Open Framework Transition Metal Formate Materials
- Hansen, Jason**                                      **Med. - Pediatrics**  
Nrf2-mediated embryo protection from teratogens
- Hary, Benjamin**                                      **EC - Near East/Judaic**  
Jewish Sacred Texts from Egypt

- Holladay, Carl**                      **Theology**  
Commentary on the Acts of the Apostles: Relating Material Culture to Biblical
- Hua, Fang**                              **Med. - Emergency Medicine**  
Role of Toll-like Receptor-2 and -4 in traumatic brain injury
- Jaeger, Dieter**                      **EC - Biology**  
In vivo recordings from mouse motor thalamo-cortical circuits
- Kimmel, Heather**                      **Yerkes Neuroscience**  
Determination of changes in DAT occupancy using PET in squirrel monkeys
- Kingston, John**                      **EC - Anthropology**  
Ecological Isotopic Variability at Chimp habitats: Template for human
- Kohler, James**                      **Med. - Pathology**  
Tenofovir Transport and Renal Mitochondrial Toxicity
- Kwun, Jean**                              **Med. - Surgery**  
The effect of bystander immunity on allograft rejection
- Lang, Philippa**                      **EC - Classics**  
2 entries for "Brill's New Jacoby"
- Leo, Anna**                              **EC – Dance Program**  
Four From Home
- Li, Jian Ming**                      **Med. - Winship**  
Improving bone marrow transplant outcome using dendritic cell subset
- Master, Jonathan**                      **EC - Classics**  
Embedded Ethnic Identities in the Histories of Tacitus
- Mavromatis, Kreton**                      **Med. - Cardiology**  
HIV and Endothelial Progenitor Cells
- Moore, Martin**                      **Med. - Pediatrics**  
Respiratory Syncytial Virus Strains: Impact on Disease and Immunity

- Neigh, Gretchen**                      **Med. - Psychiatry**  
Sufficiency of Hippocampal GLUT Inhibition to Induce Adolescent Depression
- Pech, Vladimir**                      **Med. - General Medicine**  
Role of HCO<sub>3</sub>-in ENaC Regulation
- Rodl, Vojtech**                      **EC - Math**  
Sparse random structures and additive properties of random integer sets
- Rossoll, Wilfried**                      **Med. - Cell Biology**  
The Role of the RNA-Binding Protein TDP-43 in Motor Neurons
- Rouphael, Nadine**                      **Med. - Inf. Diseases**  
Correlation between human innate and adaptive immune responses to T cell independent and dependent meningococcal vaccines
- Samady, Habib**                      **Med. - Cardiology**  
Evaluation of Ischemic Postconditioning in Patients with Acute Myocardial
- Skelton, Kelly**                      **Med. - Psychiatry**  
Characterization of Pain Perception in OEF/OIF Veterans with PTSD
- Skibell, Joseph**                      **EC - English**  
Walnuts, Almonds, Peaches & Pomegranates: Tragedies of the Talmud, a book of essays
- Talati, Naasha**                      **Med. - Inf. Diseases**  
Can Interferon Gamma Release Assays be used to monitor treatment?
- Yeglin, Ofra**                      **EC - Middle\_East Studies**  
Abba Kovner's Holocaust Poetry
