University Research Committee
Spring 2010 Awards

Amdur, Kathryn  EC - History
Battles of Production: Labor and Industry in France in the Era of World War II

Brown, William  EC - Film Studies
Stabat Mater II

Cai, Hui  Med. - Nephrology
The role of a novel WNK signaling pathway in NCC regulation

Condron, Dennis  EC - Sociology
Racial Segregation and the Black/White Achievement Gap, 1975-2005

Conn, Graeme  Med. - Biochemistry
Inhibition of host anti-viral proteins by viral non-coding RNAs

Gaadhi, Jennifer  EC - Political Science

Goldstein, Felicia  Med. - Neurology
Racial Disparities in the Assessment of Instrumental Activities of Daily Living

Hartzell, Criss  Med. - Cell Biology
Reduction of myotonia by activation of anoctamins 2 and 5

Kelleher, Paul  EC - English
Men of Feeling: Sentimentalism and the Literary History of Sexuality

Lipstadt, Deborah  EC - Jewish Studies
The Impact of the Eichmann Trail
Ly, Hinh
Med. - Pathology
Characterization of cellular determinants required for in vitro XMRV infection

Molinaro, Ross
Med. - Pathology
Characterization of Xenotropic Murine Leukemia Virus-Related Virus

Naqvi, Nawazish
Med. - Cardiology
In vivo expansion of cardiac stem cells for cardiomyogenesis

Roth, Connie
EC - Physics
Fluorescence Studies of Phase Separation in Polymer Blends using Electric

Sale, Winfield
Med. - Cell Biology
The molecular role of Las1 in ciliary and non-ciliary functions

Slater, Niall
EC - Classics
Euripides amongst the Ivies, 1915: Granville Barker and Greek Drama in America

Vick, Brian
EC - History
European Reunion: The Congress of Vienna and Post-Napoleonic Political Culture

Wilson, Walter
Theology
Pythagoras saepe noster: Wisdom and Philosophy in the Sentences of Sextus

Wu, Daqing
Med. - Urology
Clinical significance of EPLIN in prostate cancer progression

Zhang, Xiaodong
Yerkes - Beh. Neuroscience
Tissue Fate Evaluation of Ischemic Stroke with High-Resolution MRI at 3T
