

EMORY
UNIVERSITY

University Research Committee
Fall 2007 Awards

- Bean, Lora** **Med. - Genetics**
Imprinting Establishment and Maintenance in Down Syndrome
- Bernstein, Matthew** **EC - Theater & Film**
Screening a Lynching: Leo Frank on Film and TV
- Cahill, Patricia** **EC - English**
Renaissance Tragedy and the Realm of Tactile
- Compton, Michael** **Med. - Psychiatry**
Recruiting Urban, Low-Income, African American Adolescent to Participate in Research
- De, Pradip** **Med. - Ped. / Hem/Oncology**
Importance of hematopoietic/endothelial cell specific Syk-Rac2 signaling axis in tumor-induced angiogenesis
- DiazGranados, Carlos** **School of Medicine**
Antimicrobial utilization as a component of multidisciplinary management of critically ill adults
- Evatt, Marian** **Med. - Neurology**
Vitamin D Repletion for Optimal Health in Patients with Parkinson's disease
- Everett, Steven** **EC - Music**
Composition-Performance of a Music-drama for Soprano, String Quartet, and Interactive Audio Video
- Finn, Aloke** **Med. - Cardiology**
Differential healing responses in sirolimus bluting and bare metal stents with oral PPARy A...

- Hadley, Craig** **EC - Anthropology**
Food insecurity, adult mental health, and children's development in Ethiopia
- Hall, Randy** **Med. - Pharmacology**
Fundamental Mechanisms of GPR56 Activation and Signaling
- Han, Shouwei** **Med. - Pulmonary**
ILK signaling mediates the inhibitory effect of PPAR γ ligands on lung cancer growth
- Jackson, Timothy** **Theology**
Political Agape: Christian Charity and Prophetic Democracy
- Louis, Nancy** **Med. - Ped. / Neonatology**
Apical Epithelial Determinants of Neutrophil Clearance
- Martin, Greg** **Med. - Pulmonary**
Characterization of endothelial progenitor cells in clinical sepsis: A novel prognostic strategy
- McCormick, Louise** **Med. - Microbiology**
Cytomegalovirus control of serine protease HtrA2
- Mora, Ana** **Med. - Pulmonary**
Pathogenesis of Gammaherpesvirus Induced Lung Fibrosis
- Norrholm, Seth** **Med. - Psychiatry**
Conditioned fear extinction in posttraumatic stress disorder
- Novembre, Francis** **Yerkes - Microbiology**
Innate Immunity and SIV Pathogenesis
- Papa, Stella** **Med. - Neurology**
Glutamatergic regulation and chronic levodopa therapy of Parkinson's disease
- Reber, Dierdra** **EC - Spanish & Portuguese**
From Rational Killers to Somatic Healers: Love and the Latin American Imaginary of Revolution

- Sanders, Mark** **EC - African Studies**
The Narrative of Ricardo Batrell, A Black Mambi in Cuba
- Srinivasan, Shanthi** **Med. - Digestive Diseases**
Role of GDNF in Islet Transplantation
- Staib, George** **EC - Physical Ed.**
Sound, Shape and Motion: How We Hear Dance
- Stecenko, Arlene** **Med. - Ped. / Pulmonary**
Epidemiology of EBV in Idiopathic Pulmonary Fibrosis
- Subramanian, Krishnamu** **Bus. School - Finance**
Law & Institutions, Corporate Governance and Innovation
- Terry, Paul** **PH - Epidemiology**
Effects of Supplemental Antioxidants on Biomarkers of Oxidative Stress and Inflammation in the N+
- Veneziani, Alessandro** **EC - Math**
Image Based Numerical Fluid-Structure Interaction Simulations in Computational Hemodynamics
- Yoon, Timothy** **Med. - Orthopedics**
Mesenchymal Stem Cell Tissue Engineered Osseous Constructs in a Rabbit Fusion Model
- Zhao, Jinying** **Med. - Cardiology**
Genetic Pathways in Coronary Artery Disease Susceptibility
